REPORT NO.**

25X1X

1. Eight 10,000-ton cargo vessels are reported to be under construction in Yugoslavia at the present time. The firm of Sulzer Bros (London) Ltd, engineers, with offices at 31 Bedford Square, W.C. 1, and stores at 24 Dunraven Road, W. 12, has allegedly just delivered to Yugoslavia the second of two diesel engines ordered by the Yugoslav Government for installation in two of these cargo vessels.
2. When the cargo vessels have been completed, in accordance with general custom, engineers from the firm of Sulzer Bros may reportedly be invited to witness test runs.
